Detailed Images

Perfect combination of high quality special stainless steel blade and green material ABS, not easy to disassemble and extend service life.

The base has grooves to prevent the juice from flowing out, so it avoids the hassle of cleaning up your desktop. Suitable for pear, orange, guava, onion, tomato, bell pepper and other fruits and vegetables.

With a fixed fruit and vegetable base and a rail cutter, prevent the fruits and vegetables from misplacing and save energy

from misplacing and save energy.

The base is equipped with anti-skid grain to prevent sliding when cutting.

Packing

Precautions:

Do not put in the high temperature environment, so as to avoid thermal deformation of plastic parts.

Clean before use, pay attention to safety when cleaning, and carefully cut.

When using, hold both sides of the handle with both hands. Do not place your fingers under the edge of the knife.

Wash with clean water after use and place the fruit cutter on the base.

Children need to be supervised by adults and placed outside the reach of children.

Do not cut too hard or core fruit (such as peaches, mangoes, etc.) to avoid damage the blade.
