Potato

SIZE

Note : Size is subject to actual sample.

DETAILS

It is made of food safe stainless steel, high hardness and more durable than plastic material mixer.

Handle is soft and with anti-slip design to fix the finger.

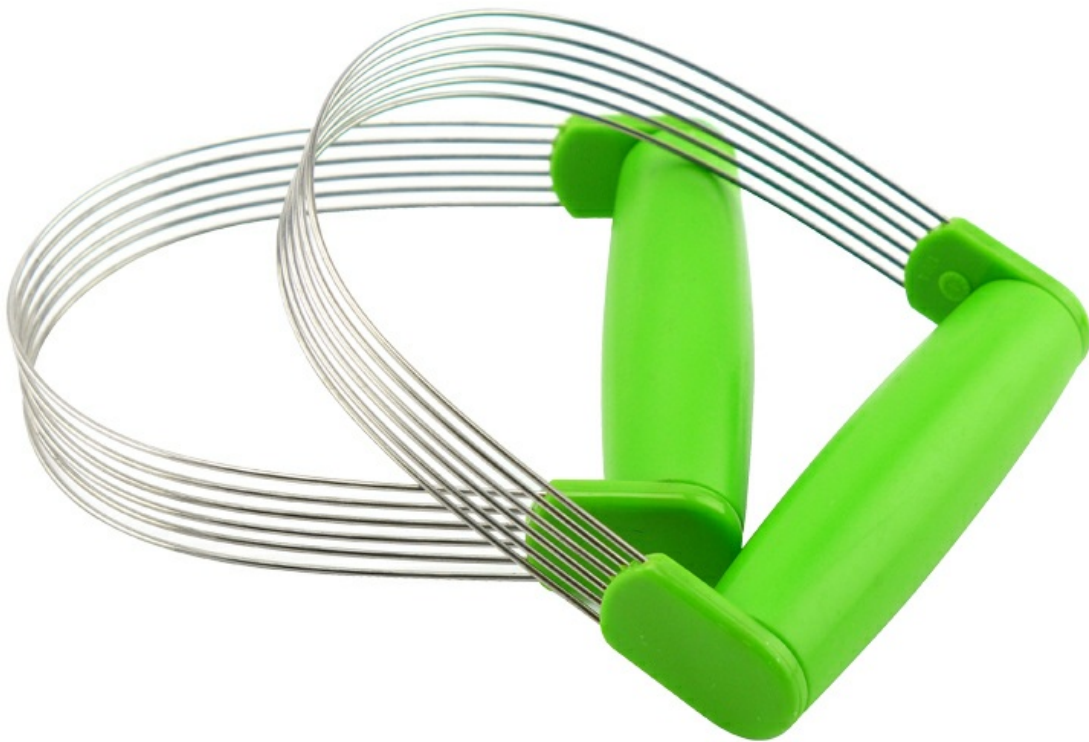

Strong joint between blade and handle,
hard to fall off, strong and durable.

COLOR

Evenly arrayed linear blade mix the flour evenly, which can speed the dough.

It can be used not only as a flour mixer, but also as a cutter to cut hard butter and cheese, and so on.
